Hackanova 4.0 : Behind the Vision

TCET

Thakur College of Engineering & Technology (TCET), a Graded Autonomous Linguistic Minority Institute, was established in A.Y. 2001 - 02 with a clear objective of providing Quality Technical Education in tune with international standards and contemporary global requirements. The Institute is recognized by All India Council for Technical Education (AICTE) & Government of Maharashtra and is affiliated to the University of Mumbai (UOM). It has been conferred the Autonomous Status by University Grant Commission (UGC) for 10 years w.e.f. A.Y. 2019 - 20 to A.Y. 2028 - 29.

TSDW

With the goal of providing a common platform to students for co - curricular and extra - curricular activities, the Students' Council – TCET was formed in the A.Y. 2004 – 05 as per the guidelines of the Mumbai University, and is now called the TCET Student Development & Welfare Association (TSDW). TSDW is the representative body of the students of TCET, and is responsible for all the major technical, sports and cultural activities that are organized in the institute including HACKANOVA, SOJOURN, ENERTIA and LEADERSHIP SUMMITS.

Hackanova 4.0 Where Ideas Ignite

Thakur College of Engineering & Technology is pleased to announce the 3rd edition of Hackanova, our most awaited technical event. TCET's Hackanova aims at holding hackathons on the social themes and building their solutions through technology, spreading an endless technical exposure. TCET's Hackanova gathers students from institutions all around India and gives them the opportunity to flaunt their technical skills. It is an event that brings together individuals to improve upon and build a new software or hardware program in a stipulated time.

Hackanova 4.0 : OUR THEME

“Redefining Norms Through Intelligence”

The theme for this year's Hackanova 4.0 is "Redefining the Future," an invitation to reimagine and innovate across industries using the latest technological advancements. As we stand on the brink of a new era, this hackathon calls upon participants to push boundaries, challenge norms, and create solutions that can redefine what's possible in sectors like sustainability, healthcare, finance, education, and more.

"Redefining the Future" inspires teams to harness emerging technologies, from AI, Machine Learning, and Blockchain, and apply them in transformative ways. The focus is on crafting solutions that not only address current challenges but also anticipate future needs, driving progress and creating lasting impact.

Join us in this thrilling adventure as we come together to forge new paths, disrupt the status quo, and shape the future through innovation and collaboration. Let's redefine what the future holds, one groundbreaking idea at a time.
